Biology Trip with Operation Wallacea, Croatia 2027

Dear Parents and Students of Year 10, 11 and 12,

We are delighted to invite AHS students to join our Biology Trip to Croatia 22nd July - 4th August 2027, with Operation Wallacea. This unique experience is designed for students who will be in Years 11, 12 and 13 during the Summer holiday of 2027.

This Biology trip aims to offer an immersive and enriching educational experience that extends beyond the classroom. It will be an unparalleled opportunity for students to apply their theoretical knowledge in real-world environments, explore diverse ecosystems, engage in hands-on biological research, and gain invaluable cultural insights.

Operation Wallacea aims to package the trip for £2710 or less but please be aware that this is entirely dependent on flight prices and may increase if there is a sharp hike in air fares. Please also be aware that the package price does not include dive materials or visa fees (if needed).

<p>Meeting with Operation Wallacea Wednesday 10 September, 6pm Sixth Form Study Centre</p>
--

If your child is interested in participating or you have questions and want more details, please join us at this meeting.

NB: Transition Testing is taking place in the Main Hall on the same day. Please park in the Sports Car Park and walk through the side gate to the Sixth Form Study Centre to ease the flow of people and traffic.

Should you have any further questions, please do not hesitate to contact me.

Yours sincerely,

Ms Lucy Sowah
